

## **VIRIOS THERAPEUTICS SOCIAL MEDIA COMMUNITY GUIDELINES**

Virios Therapeutics is working to create innovative antiviral therapies to treat diseases associated with a viral triggered abnormal immune response. Our team values and encourages participation on our social media channels through thoughtful and respectful conversation.

By engaging with Virios Therapeutics on any of the company's official social media channels you are agreeing to our Social Media Community Guidelines along with the relevant Terms and Conditions and/or other legal notices of the platform (including but not limited to Twitter, LinkedIn, YouTube, Facebook, etc.)

- Virios Therapeutics assumes no responsibility for any user-generated content posted on Virios Therapeutics social media channels.
- Nothing posted by Virios Therapeutics should be viewed or interpreted as medical advice. Users are asked to please not include or request medical advice or specific information about treatment, diagnosis, medication, therapies or other medical related inquiries on Virios social media channels.
- Virios Therapeutics asks that users refrain from sharing comments that contain the usage of products that are not approved by the appropriate regulatory agency.
- Please do not share personal information, confidential information or personal healthcare information about yourself or another on Virios Therapeutics social media channels to protect patient information and confidentiality.
- Profane language, defamatory statements, abusive comments, spam, solicitations or promotion of third-party products or services is not allowed.
- Users should be aware and mindful of the platform specific Terms and Conditions of each social media network to ensure they are not in violation.

### **Intended Audience**

Virios Therapeutics social media channels are intended for residents of the United States.

### **Third Party Posts or Accounts**

Virios social media channels do not endorse third-party links or their content. Following, Re-Tweeting, Sharing or Engaging with users on social media does not equal endorsement of any sort and should not be construed.

### **Notice**

Virios Therapeutics may change or update these guidelines at any time at its sole discretion and without notice.

For information about how Virios Therapeutics handles personal information, please view our Privacy Policy at <https://www.virios.com/privacy-policy>
